DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 21 November 2006 has been entered.

Allowable Subject Matter

2. Claims 17 and 19-23 are allowed.
3. The following is an examiner's statement of reasons for allowance: Applicant has amended independent claim 17 to include negative limitations that the organic metal compound-containing layer is not formed on either the layer that emits red light or the layer that emits green light. Applicant argues that the applied reference (Fukuoka) does not teach the new limitations. Applicant's arguments are persuasive.
4. Thus, regarding independent claim 17, the prior art of record neither shows or suggests a method of producing an electroluminescence apparatus comprising, in addition to other limitations of the claim, forming a layer containing an organic metal compound to contact only the layer that emits blue light, wherein the organic metal compound contains a metal quinoline complex; wherein the organic metal compound-

containing layer is not formed on the layers that emit red and green light. Due to their dependency upon independent claim 17, claims 19-23 are also allowable.

5. The subject manufacturing method discussed above is provided for preventing dissolution of the light-emitting layer and preventing the light-emitting layer from being crystallized. The design is new and unique to the art.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
